

FIRE PUMP REMOTE START/STOP CONTROLLERS

The **Guardian Fire Pump Remote Start/Stop Controller** range is designed to provide reliable remote manual control of fire pump systems, enabling start and stop operation of both diesel and electric driven fire pump controllers from remote locations.

Engineered for durability and ease of installation, the Remote Start/Stop Controller provides robust environmental protection while maintaining full compatibility with the Guardian Fire Pump Controller range.

Available in multiple configurations to suit single or dual pump installations, the range extends from basic start/stop control with pump run indication through to full mimic configurations supporting the system indication requirements of AS 2419.1.

SPECIFICATIONS

MECHANICAL

- IP66-rated rugged polycarbonate enclosure
- NEMA 4X rated for harsh environmental conditions
- Hinged front cover for simplified installation and wiring access
- Dimensions (see ordering table below)

FUNCTIONAL NOTE

The Remote Start/Stop Controller provides manual control and indication functions only and cannot inhibit automatic fire pump operation.

CONTROL & EMBEDDED FEATURES

- Push-button operation for manual fire pump start and stop
- Extra-low voltage (ELV) control connections when utilised with any Guardian Fire Pump Controller
- LED indication (model dependent):
 - Power On
 - Pump Run
 - Pump Fault

ORDERING INFORMATION

SINGLE PUMP CONFIGURATIONS

SKU	Function	Indication	Dimensions
FCA-RSSP	Single Pump Remote Start & Stop	Pump Run	280W × 190H × 130D mm
FCA-RSPI	Single Pump Remote Start w/Additional Indication	Power On, Pump Run & Pump Fault	280W × 190H × 130D mm
FCA-MRSP	Single Pump Full Mimic Remote Start & Stop	Power On, Pump Run & Pump Fault	280W × 190H × 130D mm
FCA-ESP-SA	Single Pump Emergency Start & Stop (SA Policy 006)	-	280W × 190H × 130D mm

DUAL PUMP CONFIGURATIONS

SKU	Function	Indication	Dimensions
FCA-DRSSP	Dual Pump Remote Start & Stop	Pump Run	190W × 280H × 130D mm
FCA-DRSPI	Dual Pump Remote Start (Additional Indication)	Power On, Pump Run & Pump Fault	380W × 190H × 130D mm
FCA-MDRSP	Dual Pump Full Mimic Remote Start & Stop	Power On, Pump Run & Pump Fault	380W × 190H × 130D mm
